

Ayşegül Okul Biography:

She was raised by visual imagination since she has looked into the world through the viewfinder of her dad's camera. She started her career in filmmaking business as an assistant of director. In 2010, she graduated from Bahcesehir University - the Faculty of Cinema and Television. Both of her short films won awards from different film festivals. She returned back to Turkey after completing her cinematography and scriptwriting studies in New York. She continues with her work in the business.
